Suggestions regarding Student Feedback to improve the overall Teaching- Learning Process

Following suggestions were given by most of the students:

1. Discipline should be maintained outside the classroom and in the campus as well.
2. Infrastructure should be improved in classrooms, library and laboratories.
3. Student should be provided previous question papers and should be solved in the class for better performances.
4. More smart classes should be introduced in college.
5. Behavior of teaching and non teaching staff should be appropriate.
6. Special attention should be paid towards cleanliness in classrooms, washroom, campus and girl's common room.
7. Teachers should encourage students to participate in different extra co-curricular activities.
8. Career guidance academic opportunities should be provided for better placement.
9. Tutorial classes should be introduced for weak students.
10. Multimedia should be used during teaching learning process and different methods of teaching should be used
11. Support staff should be increased in library
12. Industrial learning program, interactive programs , educational tours, excursion should be organized for student sensitization.
