Other Suggestions

The college should appoint college Principal of a very high caliber who can interact with students and make the students able to compete with NIT or IIT aspirants

Overall satisfactory

Abc

The specialist professors should be allowed to visit schools for proper guidelines time to time whenever it is requested by the schools.

Library facilities for old students Of the college

No suggestion

Deserving students should get scholarships

I was a student of this college for 7 years and have thus witnessed the changes college has undergone from time to time. The college has improved a lot in terms of infrastructure and facilities but there's still a scope of improvement if we compare these facilities with other colleges.

It can be better if its teacher give lecture among the students by their self.

College's library space should be increased.

Faculty should be recruited on permanent basis.

Need a bigger library and more books because sometimes there is only one book available for all

No

No facility of boys hostel.

Improved infrastructure facilities..

More practical works should be done

M.sc mathematics classes should be started in MLsm college

Please close politics in college.

Chief guest of function should be from old student in any high position..

Regular updates should be provided

Lucky to be a part of such college

Will feel proud if I can help the college in any manner

Concentrate more on environment issue in campus.

No comment

N/A

Re employment in college must be stopped

NA

There must be some meetings or short of alumna meet of all the alumni so that they also contribute their best for present students

At that time tally was in our syllabus in B.Com Final year (2013).....but we got hardly a week to practise in computer lab...and computer wasn't enough.....

College should impart its services always in the same manner

Smart classrooms must be provided to the BEd students.

College is doing it's best, keep it up, happy to be one of the pass out of MLSM. Thanks

.....

Should start Mental Training to overcome the pressure of studies

Project work should be done properly...

Request For night library.

Bathroom should be cleaned neatly by the workers

No suggestion

More exposure to the students should be provided according to the present scenario.

Inform students who passed out to collect their degree.

Nothing

Industrial training for msc student is necessary

Hold Annual General Body Meeting of Alumni Association

as should help every individual who needs our help irrespective of his link with mlsm

No

Overall satisfactory

Abc

Management should organise seminars for awareness of students as well as parents.

Better internet facilities in laboratories

The faculty here is the most precious asset but the suggestion I would like to give is that the teachers must prepare students for the increased competition prevailing in all the careers rather than just fetching marks in academic exams. The main concern is that the college should be able to provide jobs to the students whether through direct placement or through increasing their competence in this demanding competitive world.

It can be better if its teacher give lecture among the students by their self.

Cleanliness of toilets should be improved.

Intiatives to provide counselling of students

No research work is their in college, labs are not very much updated, infrastructure is poor.

Feeling very proud..

Good environment

Please collect contributions.

Regular meetings of alumni.

Regular Principal is required for the betterment of college

NA

B.Ed Time (2014) there is a facility of Language lab..and we got just one day to see the lab only....why?

Committee for help of poor student

Decrease in fee structure of master's.

Nothing

Organizing Batch wise meeting aT MLSM College

Love you MLSM college

No

More financial support to poor students

No

Another suggestion from my side would be that the interaction among different departments in college should increase so that the college stands as a single unit and prosper more. Because half of the time students are not even aware that the college holds events and programmes due to lack of awareness.

It can be better if its teacher give lecture among the students by their self.

Sitting space in ground is very small .It should also be increased.

Teacher's feedback by students

...

Library is not up to date, less space for sitting, students generally sit very tight to each other. Less space in the library.

I like sports and co-curricular activities in this college...

Good teachers

....

A

There should be a corner in the college for alumni's profiles

NA

I am happy with the faculty, library, and administration.....and always happy being a part of MLSM.....Proud to be the student of MLSM....just small things can't make the institution good or worse.....MLSM is the best college ever and ever

.....

Physics club old students should be contacted for participation financially...so physics club member organised it at a higher level...

Nothing

Invite distinguished Alumni to interact with current students and Faculty

Nice college

Agreed

Overall satisfactory

Abc

Facilities of free education should be provided for the poor meritorious students.
